

Te Kapa Inlet Regatta Newsletter

Oct 2019

Weather conditions were almost perfect for the first day of racing in the Te Kapa Regatta Series.

The wind was fickle, the crowd filled with anticipation, and the skippers were ready for action. An array of craft took to the water – Lasers, OK, Delta and a Clinker built Cutter, to name a few.

The course as set by Bill Townson provided great spectator viewing, with much banter between skippers and a few protest calls being made. A wind lull saw some skippers relaxing with their feet in the water, or wishing they had taken a beer with them. Thanks to the support crew who put together a fantastic BBQ lunch !!
