

Te Kapa Inlet Regatta Newsletter Dec 2019

Weather conditions proved challenging and exhilarating in Race 2 of the Mahurangi East Regatta. Spectacular capsizes, masts in the mud, 15 knot winds and one skipper even managed to lasso the marker buoy... the spectators were on the edge of their seat when four boats were capsized at the same time, and one of the skippers tried to moon the crowd – the anticipation was more intense than the Americas Cup. But in the end there was one clear winner who won the trophy!

Race Day 2: Overall results after three races
